

# NORTHERN MICHIGAN UNIVERSITY

## FOREST ROBERTS THEATRE

### "Theatre for All"

Northern Michigan University's Forest Roberts Theatre will present its first sensory friendly performance of the musical *Tarzan* geared towards children and adults who are on the autism spectrum or have sensory issues. The goal is to provide an entertainment experience that families can enjoy together while also creating a supportive environment for anyone who has sensory issues.

Disney's hit musical *Tarzan* will be our first "Theater for All" performance, scheduled for 2 p.m. Sunday, April 15 on the Forest Roberts Theatre stage. Free admission is made possible through private donor support.

The performance is for anyone with sensory issues and their families. Tickets can be reserved at any NMU EZ Ticket outlet or online at [NMU.EDU/Tickets](http://NMU.EDU/Tickets).

Through this new and exciting partnership with the Theatre Development Fund out of New York City and their Accessibility Theatre Initiative, we will be creating many more "Theatre for All" performances. Some of our upcoming sensory friendly performances will be: *Scrooge* (December 2018); *East meets West*, a Finnish ballet (January 2019), and Disney's *Beauty and The Beast* (April 2019).
