

SUPERIOR ALLIANCE FOR INDEPENDENT LIVING

Values and Beliefs

- We value an individual's choice and rights.
- We value opportunities to share common experiences.
- We value linking individuals to community and community to individuals.
- We value supporting individuals to learn new skills.
- We value positive improvement of societal attitudes and expectations regarding disability.
- We value investing in people and spending our funds wisely.

Code of Ethics

- We are committed to treating individuals with dignity and respect.
- We are committed to listening to stakeholders (community members) and making reasonable efforts to satisfy their needs and concerns.
- We are committed to maintaining confidentiality and respecting sensitive information of the agency.
- We are committed to honest and open communication with everyone.
- We are committed to supporting individuals in making choices for their lives.
- We are committed to act responsibly within the communities in which we work for the benefit of these communities.
- We are committed to building positive relationships with community partners.
- We are committed to acknowledging all financial and in-kind contributions to this agency.

Vision:

All individuals with disabilities make their own choices in communities that provide opportunities and supports to achieve their goals.
